2. Aims

Our vision is for our school to be a vibrant learning community, where children are confident in themselves and their ability to learn. The innovative curriculum and inspiring environment stimulates the imagination, promoting creativity, a spirit of enquiry and love of learning.

At Bishop Henderson Church of England Primary School we recognise that some children will require additional and/or different support to be able to reach their full potential and we aim to identify areas of need as early as possible. We realise that children requiring special support include those of exceptional ability and talent as well as those who learn with some difficulty.

Our school aims to:

- Support each child to realise their full potential across all areas (academic, emotional, physical, spiritual, moral, social and cultural) in a caring supportive environment, which provides equality of opportunity in all aspects of school life.
- Work in partnership with children, parents/carers and outside agencies to ensure that each child acquires the knowledge and skills to develop their unique talents and aspirations whilst achieving the highest possible standards.
- Provide positive inclusive teaching and learning situations that excite and motivate all children and celebrate achievements, no matter how small.
- Support all pupils to develop positive self-esteem and learn to be thoughtful, responsible citizens of the local and global community through a culture of mutual respect and understanding.

Our SEN policy aims to:

- Explain the roles and responsibilities of everyone involved in providing for pupils with SEND.
- Signpost to other documents that give additional detail on the specific processes that we use in school to ensure we meet the needs of all children with SEND.

3. Legislation and guidance

This policy and Information Report is based on the statutory Special Educational Needs and Disability (SEND) Code of Practice and the following legislation:

- Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for pupils with SEN and disabilities
- The Special Educational Needs and Disability Regulations 2014, which set out schools' responsibilities for education, health and care (EHC) plans, SEN co-coordinators (SENCOs) and the SEN information report

4. Definitions

A pupil has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them that is 'additional to' or otherwise 'different from', the educational provision usually available for children of their age in local education authority mainstream schools.

They have a learning difficulty or disability if they have:

- A significantly greater difficulty in learning than the majority of others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

6. Supporting pupils with SEN and disabilities

The school Information Report details the specific processes used in school to implement this policy. At Bishop Henderson C of E Primary School, we use the "Assess, Plan, Do, Review" approach to support pupils with SEN and disabilities. This forms part of the school's graduated response to dealing with the needs of pupils with SEND. It helps us to learn more about the pupil and what helps them to make good progress. The four parts of this approach are as follows:

1. Assess – we assess the pupil's needs; listening to the views of the pupil and their parents, and other professionals as we do so.
2. Plan - the teacher and our SENCO will plan the support needed, involving the pupil and their parents. A review date will be agreed, normally termly. We will think about the pupil's strengths and weaknesses and how best to help them. The SENDCo will also help support the logistics of planning teaching assistant timetables, where required, to enable the plan to be carried out.
3. Do – the planned provision/intervention for the child will be delivered by a teaching assistant or class teacher, supported by the SENDCo, where appropriate.
4. Review – everyone, including the pupil and their parents will decide how effective the support has been. We will then adapt the support, in light of the pupil's progress.

If needed, during this process, we may ask for advice from specialist support services, such as Educational Psychology, Speech & Language Therapy, The Autism & Communication Team, Behaviour Support and Children's Therapy. Parental permission will always be sought prior to this.

Please see appendix 1: Support Flowchart for a general framework showing how the school employs this graduated approach.

7. Supporting pupils with medical conditions

In line with the **Children and Families Act 2014** and the associated guidance, **Supporting pupils at school with medical conditions (Dec 2015)**, Bishop Henderson C of E Primary School makes suitable arrangements to support all pupils with medical conditions, so that they have full access to the same opportunities as their peers, including school trips and physical education. 8. Monitoring arrangements

This policy will be reviewed by Mr Dave Reynolds, SENDCo annually. It will also be updated, as necessary, within this time.

It will be approved by the governing board.
